

WAR DECLARED ON SPANISH INFLUENZA

Students at Fort Sheridan Leave in Order to Escape Disease.

Chicago, Ill., Sept. 24.—War has been declared here today on all fronts against Spanish influenza. With the total dead at the Great Lakes naval station now reaching 200, north shore towns have closed the schools and theaters to prevent further spread of the epidemic.

At Fort Sheridan 120 new cases have been reported, and authorities there have permitted members of the student training corps to leave to escape infection.

Chicago health officials are fighting the disease here. Authorities are satisfied that the range of the epidemic has been cut down and they assert that it is only a matter of curing the thousands already afflicted.

WINNING WAR FOR WORLD DEMOCRACY

Chief Aims of American Bankers' Association, Assembled in Chicago.

Chicago, Ill., Sept. 24.—An increased co-operation of national resources and greater individual effort of America's citizenry to the country's one objective today—winning the war for world democracy—this and this only, was the concern of the American Bankers' association in its initial session here. While admitting and asserting that "the war crisis has not passed," the warning issued even in the face of the worldwide victories of allied forces yesterday, had no tenor of fear—only determination that, as American manpower is now consolidating on the battlefields of Europe to drive through to victory, so here American dollars should be concentrated to the same end.

Approximately four thousand representative bankers from all parts of the country are present in this, their first significant war conference.

"It isn't a question of winning," said the convention almost as a body—"it is a question of winning sooner. America and her allies are bound to win, for America can finance the war indefinitely, but with closer co-operation the war can be won the sooner."

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Before you buy a suit of clothes consider these two points well:

Economy
Actual Value

You can buy a Suit for \$20.00 or even \$25.00 that lacks quality—that will not give service; or you can buy a Suit for \$35.00 or \$40.00, but if you do you buy something besides actual value.

Friedman
\$20 and \$25

Suits are economical because they combine style with quality of material and workmanship; they represent actual value because there is nothing added to the price to cover losses from bad accounts.

A LOOK COSTS NOTHING

Increased Output Assures Ample "BULL" DURHAM Tobacco for Soldiers and Sailors and Limited Quantity for Civilians at Home

—With the little muslin sack of "BULL" DURHAM in the pockets of every one of our fighting men on land and sea—

—With good old "Bull" in the regular Army "rations"—

—And with the future demands of the War Department abundantly cared for, "BULL" DURHAM Tobacco is offered again to the men at home who "roll their own".

All of which has been accomplished since April, when the Government asked for our entire output of "BULL" DURHAM for war use, which was freely and gladly given. It has been accomplished by greatly increasing our manufacturing facilities and through the personal enthusiasm and individual efforts of every one of our thousands of employees.

So that now a limited amount of "Bull" is available for civilians at home—those men who have "rolled their own" in the past and who have, in the last few months, so cheerfully relinquished their supply in order that "our fighting boys" might be fully provided for.

Once more, therefore, you will, we know, with your own hands, roll a cigarette for yourself—a cigarette machines can't imitate—the mildest, the most fragrant, the most economical cigarette in the world—"BULL" DURHAM.
